NCURA Wellness & Safety Plan for Austin Traveling Workshops:

NCURA’s Wellness and Safety Plan will evolve as Local and Federal Guidelines evolve in the coming weeks and months. Your NCURA team will be reviewing the latest information each week. Please check back for important updates and the latest information! The number of participants for NCURA’s Traveling Workshops will evolve with the most up-to-date health and wellness guidelines. We will ensure the appropriate social distancing in each of the meeting rooms based on the percentage of U.S. citizens (ages 18 and up) that are fully vaccinated.

- All participants must register in advance.
- All participants will participate in a health screening prior to attending the workshop.
- NCURA’s Meeting Space mask policy will be finalized by the end of November, based on guidelines which are continuing to evolve. Registrants will be notified. Please note* even if the venue does not require mask wearing indoors; NCURA may require masks to be worn in the Meeting space.
- All meeting rooms will have a capacity limit to allow for social distancing. To ensure the health and well-being of all participants, standing in the back of the room and moving chairs in the meeting room will not be options.
- To limit touch points; your registration materials will be provided at the NCURA registration desk instead of at your seat.
- NCURA will provide participants with an optional way to indicate their preference for social distancing that will signal if they are ready for: handshakes and hugs (green), elbow bumps (yellow), or request for 6 ft social distancing (red).
- There will be hand sanitizer available in the Meeting Space.
- The head table will be setup socially distanced from the participants.
- Public space high touchpoints will be cleaned between sessions.

OMNI Austin Hotel Downtown:
Details of Omni’s Safe and Clean program are found here.

Austin, TX Health and Safety Guidelines:
Austin, TX COVID-19 Guidelines
Texas Department of Health

The most effective safeguard we have is respect for the health and well-being of others. We politely ask that all participants be considerate toward others by adhering to all requirements for in-person attendance.
